About Us...

KAYMAK's ice cream adventure, which started in 2018, has become a sought-after taste in many cities of Turkey starting from Amasya.

These ice creams that we produce from fresh fruits in our own modern facilities without any additives.

The taste journey of Kaymak's ice cream starts with 100% organic fruits being carefully produced and plucked from the branch and ends with the intensive work of our food engineers finding the best version for your taste.

Kaymak's Ice Cream serves you 25 different flavour of ice cream in its hygienic and natural environment.

As a reflection of our quality understanding we are professionally prepared to offer the best quality ice cream with high technology and hygiene without the use of additives.
